

GENERAL NOTES  
The information depicted on this map represents the results of surveys made on the date indicated and is not to be used for any other purpose. It is the responsibility of the user to verify the accuracy of the information for their specific use. All depths and soundings are referred to the International Great Lakes Datum 1985 (IGLD 1985) and all horizontal positions are referred to North American Datum 1983 (NAD83). See the SITE SPECIFIC NOTES for additional details. To show a digital version of the survey data in a vector format, click on the "VIEW DATA" button in the upper right corner of the drawing. This drawing was prepared using a CAD system. Setting map scale is optional.
